SUMMARY

Junior full-stack developer with a **Diploma in Systems Development (76% average, Distinction)**. At Future ProTechY I build **Java, PHP and MySQL** backends for financial services systems and work hands-on with **AWS (VPC, EC2)** and **GitHub Actions CI/CD**. Independently delivered a production loan platform for Asante Financial Services with **AES-256-GCM encryption of customer data, MFA and POPIA/DSAR compliance tooling**. CompTIA A+ and Security+. Available for junior developer roles and freelance contracts.

SKILLS

Languages	Java, PHP, JavaScript (ES6+), TypeScript, C, SQL, HTML5, CSS3
Frameworks	React, Astro, Node.js, Vue.js, Tailwind CSS
Databases	MySQL (3NF schema design, indexing), MS SQL Server
Cloud & DevOps	AWS (VPC, EC2, ALB, Route 53), Docker, GitHub Actions CI/CD, Linux, Nginx
Security	AES-256-GCM, RBAC, TOTP/SMS MFA, CSRF/CSP, POPIA compliance, CompTIA Security+
Practices	REST APIs, Git/GitHub, Agile/Scrum, Software Testing, Business Analysis

EXPERIENCE

Junior Systems Developer & Cloud Engineer, Future ProTechY (PTY) LTD, Durban, KZN — May 2026 – Present

- Build full-stack applications and backend services in **Java, PHP, JavaScript and MySQL** for high-volume financial services systems.
- Work hands-on with **AWS** in a professional environment: VPCs, subnets, security groups and **EC2** instances hosting live applications.
- Maintain **GitHub Actions CI/CD** pipelines for automated, zero-downtime deployments.
- Monitor application performance and server health; configure Nginx reverse proxies and harden infrastructure.

Fiber Installation Technician & Administrator, Babicon (PTY) LTD, Durban, KZN — Mar 2026 – May 2026

- Installed, terminated and tested fiber optic connections at client sites across the Durban area.
- Handled project documentation, client sign-offs and reporting alongside field work.

Part-Time Systems Technician, Inguni Shield, Durban, KZN — Feb 2025 – Jan 2026

- Configured systems and installed hardware and software for commercial clients; provided technical support and diagnostics.
- Maintained and debugged **C and Java** code, and built static client websites with Astro.

EA Group Leader (BEEI Phase V) and Education Assistant, Zubane Primary School / KZN Dept. of Basic Education, Ndwedwe, KZN — Jun 2025 – Nov 2025

- Led a team of Education Assistants: attendance tracking, task delivery, onboarding and compliance reporting.
- Captured and reported school data with zero discrepancies, handling confidential records in line with POPIA.

PROJECTS

Asante Financial Services: Loan Platform (asantefs.co.za) — 2026

PHP 8, MySQL (3NF), JavaScript, Apache/Nginx, WhatsApp & WinSMS APIs

- Designed and delivered the full customer portal and multi-step loan application engine for a South African short-term lender, working independently from requirements to production deployment.
- Encrypted customer PII (ID numbers, bank details, salary) with **AES-256-GCM**, using blind indexes so records stay searchable without storing plaintext.
- Built **RBAC** back-office tools, **TOTP/SMS MFA**, audit logging and **POPIA/DSAR** export and deletion workflows; added CSP nonces, CSRF protection and rate limiting.
- Wrote shell scripts for automated MySQL backups, log rotation and cron jobs.

AWS Infrastructure & CI/CD Pipeline 2026

AWS (VPC, EC2, ALB, Route 53), Docker, GitHub Actions, Linux, Nginx

- Set up an isolated VPC with public/private subnets and NAT routing, tight security-group rules and EC2 instances behind an Application Load Balancer.
- Automated build, test and deployment with GitHub Actions; configured Route 53 DNS and ACM SSL/TLS with health checks.

EDUCATION & CERTIFICATIONS

Diploma in Systems Development (HDIPSD2), Boston City Campus, Durban 2023 – 2026

Overall average 76%, Distinction. Diploma confirmed by the Office of the Registrar, April 2026.

Top results: Praxis 92%, Systems Analysis & Design 90%, Security+ 88%, Software Testing 86%, Java & Databases 86%.

National Senior Certificate, Nombika High School, Ndwedwe 2019

Certifications: CompTIA Security+, CompTIA A+ (2024)

Languages: isiZulu (native), English (fluent)
